PRESSURE GARMENTS

PUTTING YOUR PATIENTS ON RECOVERY

Manufactured By:

PRODUCT CATALOGUE

ABOUT THE COMPANY

Technomed is involved in the manufacturing and marketing of Custom Made Pressure Garments, Ready to Wear Prefixed Sizes, Post-Operative Support Products for both Burn and Cosmetic/Plastic Surgery. Technomed has been handcrafting good quality wearable, functional and fashionable pressure garment since 1986. Our garments are sold under the name of "RECOVER". Technomed was started in 1986 in New Delhi and was the first company in India to provide customized medical garments in the country. The company has expanded over time across many countries with customers and representatives globally to provide cost-effective solutions with the desired results. Our customers include Government hospitals, Private Hospitals, Private Clinics and Army Hospitals and Occupational Therapist.

Technomed custom made garments are designed carefully to provide comfort and function to the patients.

Manufactured By:

CUSTOM MADE PRESSURE GARMENTS

These are made from all way stretchable fabric which are porous and made from skin-friendly breathable material. We offer more than 7 colour options and 2 printed options, with special prints available for children to make them feel comfortable. The fabric allows easy evaporation of sweat during summers and suitable for all weather conditions. These garments are made to order for which a detailed form can be filled on our Website

www.pressuregarment.com

Our forms are designed for easy understanding and provide excellent accuracy in the garments produced on its basis.

Orders are processed within a day and shipped within 2 working days to any part of the world. Measurement training can be provided if required.

READY TO WEAR PRESSURE GARMENTS

These include Face Mask, Chin Strap, Stockings, Arm Sleeves, BodyVests, Gloves and many other designs available in sizes ranging from XS, S, M, L, XL, XXL. Sizes can be selected from size chart available on the Website

ABOUT THE FABRIC

Knitted Elastomeric Fabric is used for the manufacturing of pressure garment.

The fabric is made up of spandex and nylon to provide uniform compression over the effected areas. The fabric is porous hence making it light weight, skin friendly, breathable and suitable for both hot and cold weather conditions.

Lighter than any other fabric available in the market
